International Spouses and Partners at Yale (ISPY) Orientation - Fall 2019

Are you in New Haven with a husband, wife, or partner who is studying or working at Yale? Then we invite you to join the International Spouses and Partners at Yale (ISPY) community for our 2 day orientation on September 5th & 6th! At our ISPY orientation, you will meet other spouses & partners and learn more about the opportunities and resources available to you at Yale and in New Haven. Our ISPY community is excited to meet you, share their experiences, and introduce you to some of their favorite spots around town. Please register to let us know that you'll be coming! You are welcome to attend all or a portion of the orientation events, depending on your individual schedule and interests. We highly recommend that you attend the first full day of programming. This orientation is primarily for adults, but we understand that childcare is challenging. If you would like to bring your children, please make sure to include them in your registration and list their ages. Note that all parents are responsible for their children throughout the orientation. On Thursday, lunch will be provided and sponsored by OISS & the McDougal Center. On Friday we will have an optional lunch out. If you are interested in joining us for lunch on Friday, you must register separately for Friday's meal. Friday: Lunch at New Haven Restaurant - REGISTRATION COMING SOON We look forward to seeing you in September!
