If you've never tried origami, now's your chance! Watch the recording of a special virtual workshop we held in March to teach the basics of origami and learn how to **make a beautiful paper tulip!**

Origami is composed of the Japanese words *oru* (to fold) and *kami* (paper), and has a [rich and complex history](#) [2]. This 45 minute workshop was led by Yuko Amikra, one of our active ISPY members from Japan and showed us step-by-step how to make a lovely [spring inspired tulip](#) [3] (designed credit: Kunihiko Kasahara).

What you will need:

- **2 sheets of square paper** – one for the stem and one for the flower. You can use white paper, or use colored paper to make your tulip brighter!
 - Thin paper is preferred – similar to copy paper.
 - If you're feeling inspired, you can buy [special origami paper online](#) [4] for as little as \$8.

Yuko is a scientist, astrobiologist, and STEM teacher by trade, but since last March she has picked up origami as a hobby to keep her busy during the lockdowns. She has gotten so good, that she even started an amazing origami Instagram account: [@gyudonart](#) [5]!
