If you’ve never tried origami, now’s your chance! Watch the recording of a special virtual workshop we held in March to teach the basics of origami and learn how to make a beautiful paper tulip!

Watch the recording here. [1]

Origami is composed of the Japanese words *oru* (to fold) and *kami* (paper), and has a rich and complex history [2]. This 45 minute workshop was led by Yuko Amikra, one of our active ISPY members from Japan and showed us step-by-step how to make a lovely spring inspired tulip [3] (designed credit: Kunihiko Kasahara).

What you will need:

- 2 sheets of square paper – one for the stem and one for the flower. You can use white paper, or use colored paper to make your tulip brighter!
  - Thin paper is preferred – similar to copy paper.
  - If you’re feeling inspired, you can buy special origami paper online [4] for as little as $8.

Yuko is a scientist, astrobiologist, and STEM teacher by trade, but since last March she has picked up origami as a hobby to keep her busy during the lockdowns. She has gotten so good, that she even started an amazing origami Instagram account: @gyudonart [5]!
