Learn the Art of Origami

Tuesday, June 1, 2021 (All day) to Wednesday, June 2, 2021 (All day)
New Haven, CT

If you’ve never tried origami, now’s your chance! Watch the recording of a special virtual workshop we held in March to teach the basics of origami and learn how to make a beautiful paper tulip!

Watch the recording here, [1]

Origami is composed of the Japanese words oru (to fold) and kami (paper), and has a rich and complex history [2]. This 45 minute workshop was led by Yuko Amikra, one of our active ISPY members from Japan and showed us step-by-step how to make a lovely spring inspired tulip [3] (designed credit: Kunihiko Kasahara).

What you will need:

- 2 sheets of square paper – one for the stem and one for the flower. You can use white paper, or use colored paper to make your tulip brighter!
  - Thin paper is preferred – similar to copy paper.
  - If you’re feeling inspired, you can buy special origami paper online [4] for as little as $8.

Yuko is a scientist, astrobiologist, and STEM teacher by trade, but since last March she has picked up origami as a hobby to keep her busy during the lockdowns. She has gotten so good, that she even started an amazing origami Instagram account: @gyudonart [5]!
