Hello from OISS,

We covered transportation in an earlier email, but did you know that Yale’s nighttime shuttle operates until 1:00am, Nighttime Safe Rides [1] can take you door-to-door within the campus until 6:00am, or a security office can walk you to and from any point on campus?

Yale cares about its community, so the university takes security seriously and invests in public safety [2]. Yale’s compact campus is in the heart of an urban environment and with city living comes the personal responsibility of taking safety precautions. You can watch the Yale Safety Orientation [3] and browse our website [4] to be informed of various safety resources available to you.
