Congratulations on your admission to Yale! If you have any questions, please don't hesitate to contact our office using this email address set up specifically for new students: newstudents.oiss@yale.edu [1]. Below is an overview of the immigration steps you can begin work on today.

COVID-19 FAQs

Please read our FAQs for newly admitted students [2], and find more resources on our COVID-19 page [3].

Accept Your Offer of Admission

All new students are sent an admission letter with a reply form to accept the offer. Your first step in the visa process is to accept the offer of admission! [4]

Financial Certification

You should receive a Financial Certification form from your admissions office. This form is required for OISS to prepare your immigration document. Be sure to follow the instructions from your admissions office about completing this form.

Obtaining an Immigration Document

After accepting your offer of admission, you will receive an email from OISS with a link to an online survey. We typically send this email the week after you accept your offer of admission. Completing the online survey is necessary for obtaining an immigration document (an I-20 for F visa or DS-2019 for J visa), so please send your response as soon as possible. After receiving your information and all required supporting documentation, OISS will issue your immigration document (I-20 or DS-2019). This generally takes two weeks. Your school will mail this document to you via courier service to the address listed on your application.

Applying for the Student Visa and Paying the SEVIS Fee

After you receive your immigration document, you should apply for your U.S. visa [5]. You will also need to pay the SEVIS fee [6] before attending your F-1/J-1 visa interview at the U.S. Embassy/Consulate.

Before You Leave Home

As you prepare to depart, you will have many questions about living in New Haven, including the items listed on
this page [7]. You may want to be in touch with other students and scholars through Yale's student organizations or in the department or school with which you will be affiliated.

Arriving in the U.S.

Upon arrival, you will go through immigration inspection [8], where your electronic I-94 entry record [9] will be created. Be sure to have your passport and immigration document (I-20 or DS-2019) with you. Keep these documents in your carry-on bags. Before you leave the immigration checkpoint, make sure you have the small ink entry stamp with your visa classification and expiration date (“D/S”) handwritten.

OISS Check-In & Orientation for International Students

New students in Yale's professional schools will check in at OISS by school. You will receive an email invitation prior to your arrival to attend an OISS orientation on a specified date. The schedule for Fall 2020 will be available soon.
