Requests for J-1 Scholars in OISS Connect

This page provides an overview of the updates that you can report in OISS Connect for Initial or Active status J-1 scholar records.

To submit an update, open the scholar's record and select the 'Requests' tab. Click on and complete the appropriate request, including uploading any necessary documents. Finally, click the 'Create Request' button.

OISS will issue the required DS-2019 typically within 10 business days upon receiving a *fully* complete OISS Connect Request. During busier times of the year, this process may take longer.

Submitting an Update

1. Log in to OISS Connect. Search for and open the scholar record you wish to take action on. (When searching, use only one name, e.g. 'Elihu' not "Elihu Yale.")

The screenshot shows the OISS Connect interface. At the top, there is a teal header with a hamburger menu icon, a small dog icon, and the text "International Scholar and". Below the header is a dark blue button labeled "+ New Sponsorship Request" and a search bar labeled "Search by Name". Below the search bar are four tabs: "Sponsorship Requests", "Pending Records", "Active Records" (which is highlighted with a red box), and "Ineligible". Below the tabs is a "Sort By" dropdown menu. Below the menu is a card representing a scholar's record. The card has a grey profile picture icon, a "DOB:" label, and a "Scholar's Name" label (highlighted with a red box). Below the name, it says "J-1 status : Active". To the right of the name, it says "Scholar Portal Access : Close" with a checkbox. Below the name, it says "Dept Admin :". Below the name, it says "Program dates :".

2. Open the 'Requests' tab in the scholar's record and click on the desired Request Button (see detailed request function/description below).
