Delayed Arrival

The J visa regulations state that a new J-1 scholar should arrive in the U.S. by the start date listed on the DS-2019. If the scholar’s arrival will be delayed, you may request that the J record be amended with a later start date.

1. Open OISS Connect and search the Pending Records tab for the scholar who is delayed.

2. Open the J scholars record and go to the Requests tab. Then click the **Delayed Arrival** button.
3. Enter the new start date and end date.
