Updates & Requests for Current Scholars

J-1 Extensions

We are transitioning to OISS Connect in stages. The preparation of a J-1 extension can no longer be done in ISD since we are in the middle of migrating data from ISD to OISS Connect. If you currently have a J-1 extension request, please contact your OISS adviser. After the migration of all active J records we will update our instructions on how to use OISS Connect for these extensions.

H-1B Extensions

We are using OISS Connect for H-1B extensions. The first step is to contact your OISS Adviser so that we can review the request. Then if appropriate you will be given access and training in OISS Connect to submit the request.
