

Finding Community

ISPY

[International Spouses and Partners at Yale](#) [1] (ISPY) was created to help address the needs of the international spouses and partners community. ISPY has become a truly international group by having active international as well as American members. This social and informative network organizes events, groups, and meetings throughout the year.

Download our online [ISPY Handbook](#) [2] for helpful resources.

Join an [ISPY Group](#) [3]

Every year, now groups are formed through the leadership of spouses and partners who have shared interests and the desire to meet regularly for social, cultural events. If you would like to form your own ISPY group, please come to ISPY Orientation (we have them twice a year, at the beginning of each semester).
