
OISS Orientation

You're Almost Here!

As part of your J-1 visa requirements, all new scholars must complete an orientation program. You can fulfill this requirement by following these steps:

Enroll & Complete the Online Course Module in Homepage

Read the [Scholar Orientation on Homepage page](#) [1] for instructions on enrolling and completing this online course module. Upon completion of this online module, you will receive a code that you must enter when submitting your ['New Scholar Check-in' request in MyOISS](#) [2].

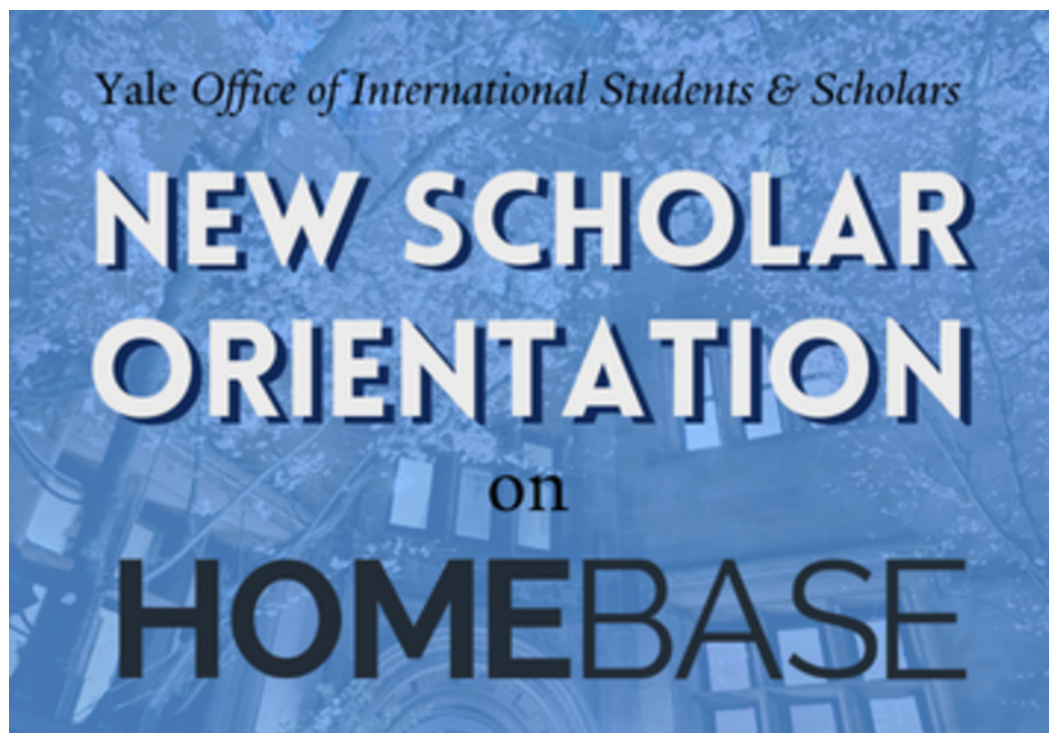

Register for & Attend the In-Person Meetup for New Scholars

In addition to the online module on Homepage, we recommend that you also attend an in-person meetup for New Scholars upon your arrival in the U.S., where you will get a chance to meet other new scholars at Yale and ask any questions you may have after reviewing the online module.

The signup link may be found in the 'Your Next Steps' section of the Homepage online module. While you can register for it before you leave, please schedule the in-person meetup for AFTER you have arrived in the U.S.

If you have urgent questions before your orientation session, please email your [OISS adviser](#) [3].

Hub Page View: [—](#)

Enrolling in Homebase

Homebase is the website that hosts the online course module component of the Scholar Orientation that you must complete to meet J-1 visa guidelines.
