

OISS Orientation

You're Almost Here!

In your first few weeks at Yale, you will participate in many orientation events with your school and across the university to help you settle into your new life in New Haven. **All incoming international students are required to participate in the OISS Orientation.**

- **For Graduate and Professional students**, you will register for your school-specific OISS Orientation towards the end of July in [OISS Passport To Yale on Yale Connect](#) [1].
- **For Yale College students**, you will have the opportunity to attend [OIS: Orientation for International Students](#) [2], one of Yale's pre-orientation programs. Registration will open this summer.
- **For Non-Degree Students in the Graduate School (Visiting Assistants in Research, Exchange Scholars, and Visiting Students)**, you will receive information about registering for your orientation from your OISS adviser and will not be using OISS Passport to Yale on OISS Connect. Please [review the slide deck](#) [3] in preparation for your orientation.
