Preparing for Yale

This guide contains information on everything from packing your bags to transportation & driving, so be sure to read through each section carefully. You will find links to this information and additional engagement opportunities with incoming students in your OISS Passport To Yale [1] on Yale Connect.

COVID-19 Considerations

Please read our FAQs for newly admitted students [2], and find more resources on our COVID-19 page [3].

Housing Information

Resources for finding your new home.

[4]

Health Care
Preventing chronic diseases through health promotion and disease prevention policies and programs can lead to improved health outcomes, increased productivity, and reduced healthcare costs. By adopting healthy behaviors such as regular physical activity, a balanced diet, and the use of tobacco products, individuals can reduce their risk of developing chronic diseases. Moreover, implementing effective strategies to address the social determinants of health, including poverty, discrimination, and inadequate access to healthcare, can contribute to improving population health.
Getting around New Haven and beyond.
