J-2 Status for Spouses, Partners & Children

The spouse or partner and dependent children of the J-1 Exchange Visitor are eligible for J-2 status and may use this status to accompany the J-1 individual to the U.S. Dependents are defined as children under the age of 21 and legally married spouses. You must also demonstrate sufficient financial resources for their support.

Student Family Members

Newly admitted students will receive an email survey from OISS upon your acceptance of your offer of admission that will ask you for the relevant information about any family members accompanying you. Matriculating students wishing to notify OISS that a spouse, partner, or child will join you after your arrival should complete the F-1 and J-1 Dependent SEVIS Information Form [1] along with evidence of sufficient funds to support their stay.

Scholar Family Members

Scholars (postdoc, postgrad, etc…) wishing to notify OISS that a spouse, partner, or child will join you after your arrival should login to OISS Connect, go to Requests, and enter the families information. You will also need to upload each family members passport ID page to OISS Connect.

Applying for J-2 Status

Each person in J-2 status must have their own DS-2019. If the spouse and/or dependent child will accompany the J-1 scholar, this information must be conveyed by the host department at the time of requesting the initial DS-2019 form. If the spouse and/or dependent child will join the scholar in the U.S, the scholar will request the DS-2019 from OISS.
