Understanding the 12 and 24 Month Bars

The 12 and 24 month bars are different from the two-year home country residence requirement. Any indication below that there is “no wait” time refers only to the 12 and 24 month bars. It is possible that a J-1 visitor has no wait time related to the 12 and 24 month bars - but is subject to the two year home residency requirement. [1]

The 12 and 24 month rule affects J-1 exchange visitors who have been in the U.S. on a J-1 visa previously, and wish to return, using the J-1 visa. The bars prohibit certain “repeat participation” in the Research Scholar or Professor categories only. Depending on what your previous J category was, you may be subject to a 12 month bar, a 24 month bar or have no bar at all. The following chart shows how long you would have to wait (the 12 or 24 month bar) before you could obtain a new J-1 Research Scholar or Professor visa based on what your previous J status was. If you have never before had J-1 visa sponsorship, then the bars do not apply to you.
