EB-2 PERM Labor Certification Application Checklist

In order to complete the first stage of the green card, the Labor Certification (PERM), the following items must be sent to OISS. With faculty members new to Yale OISS will be working on both an H-1B Temporary Worker visa to get them started at Yale, and at the same time process the green card Labor Certification steps. Because the EB-2 PERM Labor Certification Application process requires some documents from the department, and others directly from the new faculty member there are two lists below.

Once PERM Labor Certification Application is approved by the Department of Labor, Yale will file the I-140: Immigrant Petition for Alien Worker to the U.S. Citizenship and Immigration Services (USCIS). To see the list of application fees related to the I-140 filing please skip to the bottom of this page.
