Celebrate Sustainability Week at Yale

October 4, 2022

This week is all about celebrating sustainability at Yale! Yale's Office of Sustainability has organized a week of events to raise awareness and deepen engagement around sustainability across campus. From planting trees to practicing yoga in nature, there are so many ways to get involved and we hope you'll find one or more events that are right for you.

This year's theme is 'Act Today, Protect Tomorrow,' in recognition of the urgent need to adopt sustainable behaviors. Find a full list of events on their website [1] and share your sustainability stories on social media all week using the hashtag #yalesustain.

On Monday, OISS partnered with the Office of Sustainability for a Lunch & Learn at Yale Farm! See photos [2] and learn more about our day on our Instagram page and Yale's Facebook feature [3].
