Yale Psychology Professor Jack Dovidio [1] and his research team are conducting a national survey on the well-being of international and immigrant students and their families in the United States. They are seeking participants to answer a questionnaire that should take no more than 30 minutes to complete. If you are interested in participating see the links below. Participants can opt in to be entered into a raffle in which one $20 Amazon e-gift card will be awarded for every 100 completed surveys.

Survey for immigrant and international students:  

Survey for U.S. citizen siblings of immigrant and international students:
