All students arriving from international destinations must quarantine in their residences until a negative arrival test result is received [1]. International students in Yale College or those living in Harkness Hall or Helen Hadley Hall should follow the additional quarantine requirements required of these locations. International students in Yale College should refer to Dean Chun’s July 31 message [2] and residents of Harkness and Helen Hadley Halls should refer to Dr. Maddie Wilson's email from August 4.

For additional information from the CDC about recommended precautions after you travel, regardless of your departure point, click here, [3]

International students from Brazil, China, and Iran are required by presidential proclamation to quarantine for 14 days in another country that does not bar travel to the U.S. before entering the United States. More detail on the presidential proclamations is available here [4]. Please note that F-1 international students from Europe, including the United Kingdom and Ireland, are exempted from the relevant presidential proclamations [5].

Additionally, students arriving from one of the U.S. states included in the State of Connecticut Travel Advisory [6] must quarantine for a total of 14 days upon arrival, regardless of test results, and must complete the Connecticut Travel Health Form [7]. Failure to abide by this quarantine could result in a $1,000 fine from the state. The Connecticut Travel Advisory [6] is updated regularly so check it again just before you travel.

We’ve compiled a list of resources to help you settle in while you are quarantining [8], including where to order groceries from, buying furniture, setting up your COVID test, and more.
