OISS is excited to announce a new series of events titled, *OISS Zoom Rooms!* This series of programs will take place throughout the year at 4pm for 45 minutes during the week and feature different campus resources and speakers.

The goal of these sessions is to offer a safe and informal space for you to engage in Q&A with different campus resources, and learn a little bit more about what they do and how you can access them. Below you can access the recordings of past Zoom Rooms and save-the-dates for future events. We hope to see you at one of these soon!

**Recordings**

You must be logged in to your Yale Zoom account to access the recordings
