The **Student Grants for Diversity, Equity, Inclusion, and Belonging** program is entering its second year. I invite you or your organization to apply for grants of up to $1500 for an event or speaker that promotes a sense of belonging and community at Yale in one of these ways:

- Educating about challenges to inclusion on our campus and in society
- Facilitating the exchange of viewpoints across ideological or other difference
- Celebrating examples of excellence and achievement

The next application deadline is December 4, and you can [learn how to apply here](https://oiss.yale.edu/news/student-grants-for-diversity-equity-inclusion-belonging) [1].
