Applying for an Social Security Number or ITIN

Newly-arrived international students and scholars in F-1 or J-1 visa status being paid by the university (e.g. compensation, taxable scholarship, fellowship, prize or award) are advised to apply for an SSN soon as possible. The processing takes 3-4 weeks but you should only need to do it once. Be sure to report your your SSN to your school registrar if you are a student, or to the Employee Service Center (221 Whitney Avenue) if you are an employee.

IF YOU ARE A NEW OR CONTINUING INTERNATIONAL STUDENT OR SCHOLAR AND MEET THE ELIGIBILITY REQUIREMENTS TO APPLY FOR A SOCIAL SECURITY NUMBER YOU MAY REQUEST AN APPOINTMENT BY COMPLETING THIS REQUEST FORM [1] (Yale College students, please see note below). THESE APPOINTMENTS ARE IN PERSON SO YOU MUST BE IN NEW HAVEN AND MUST HAVE MEET THE QUARANTINE REQUIREMENTS. PLEASE DO NOT SIGN UP FOR A SOCIAL SECURITY APPOINTMENT UNLESS YOU QUALIFY. OISS WILL MAKE ARRANGEMENTS WITH THE NEW HAVEN OFFICE AND INFORM OF YOUR APPOINTMENT. THE WAIT WILL BE 2-3 WEEKS.

Note for Undergraduate Students in Yale College: Before you complete the request from above, please send an email to your designated adviser Ozan Say with the subject line “On Campus Job & SSN” and he will share further instructions with you.

A Social Security Number (SSN) is used by employers and employees for the purpose of reporting individual employee earnings for tax purposes. The SSN is valid for life, so you only need to apply once. The temporary number assigned by Yale to new international students and scholars (e.g., 900-00-0000) is NOT an SSN. An SSN is also often used for a variety of unofficial purposes, such as opening phone, utility, or bank/credit card accounts, however you can do all those transactions without an SSN.

International Taxpayer Identification Number

The International Taxpayer Identification Number (ITIN) is issued by the Internal Revenue Service (IRS) and is for international students and scholars who are not eligible for an SSN.

Who is Eligible for a SSN?

- F-1 students who have secured on campus employment, are receiving for-service fellowships, or working off-campus with OPT or CPT.
- All F-1 PhD students.
- J-1 students with letter of permission to work from sponsor (either Yale or outside organization, e.g. Fulbright)

Applying for a SSN

If you are eligible for a SSN, here are instructions for applying for it. [2]

Applying for an ITIN

If you are not eligible for SSN, but need to file a 1040NR tax return (you do not need an SSN or ITIN if you will only file Form 8843) then you need to obtain an ITIN (Individual Tax Identification Number).

Normally OISS can certify your documents and submit your ITIN application on your behalf, but due to switching remote work we are unable to process ITIN appointments at the moment. However, we are currently developing a system to resume ITIN processing ITIN applications again and will update this page when it becomes available.

Please note that OISS can not process ITIN applications for dependents. Dependents should plan to apply for ITIN in person (when services are available) at the local IRS Taxpayer Assistance Center [3].

Filing Tax Returns

You will need either an SSN or an ITIN to file your U.S. tax return. Once you receive your SSN, if you are a student please report this number in person to your school registrar, and if you are a faculty or staff please report it to the Employee Service Center at 221 Whitney Avenue. Do not write your SSN in the body of an email or text message or send a copy of the SSN card. Read more about identity theft [4].
